WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

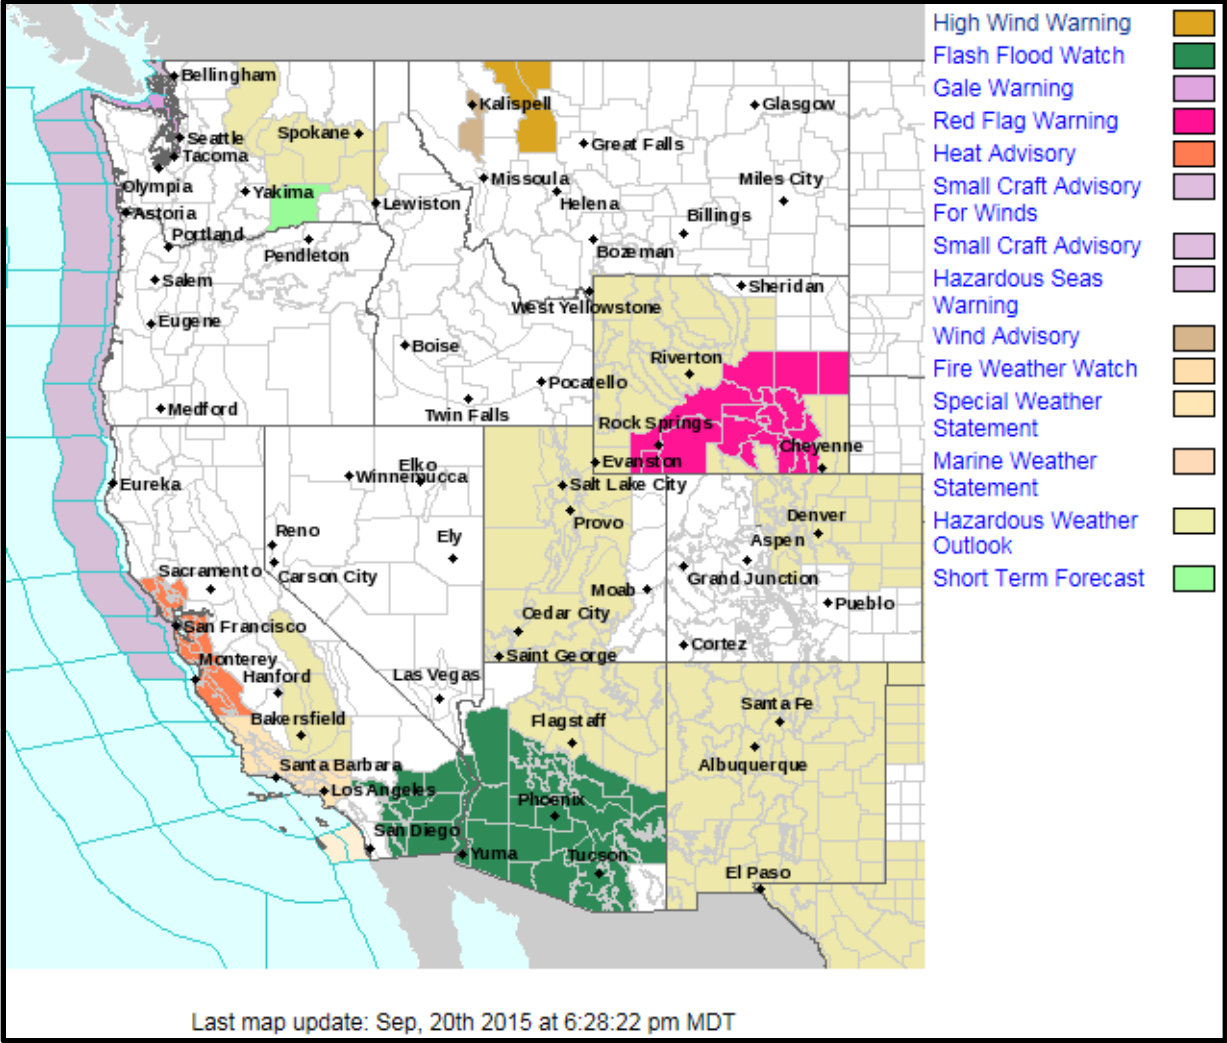

Northern California's maximum temperatures climbed back to 5-12 degrees above late-summer normals Saturday, as high pressure aloft again became strong. Redding Airport hit 100 Saturday (for the 47th time this year), and quite a few of the typically hotter low valley sites inland could bump triple digits today. Look for the heat to continue today and Monday, before backing off several degrees by midweek after the high starts to weaken slightly on Tuesday. Humidity remains on the low side for most areas, including some near the coast due to the recent offshore breezes. Overnight relative humidity recovery became poorer especially for mid-slope and higher sites last night. Relative humidity should start showing local moderating trends late Monday and Tuesday, with a more widespread improvement in humidity patterns expected for most areas west of the Cascade/Sierra crest Wednesday-Friday. The generally light Foehn-type north to east-northeast winds seen the past couple of night and morning periods will fade away after Monday morning. There is essentially no upper level support left for these breezes, and peak hourly gusts at 0800 Sunday only ranged from 14-22 mph. A cool low pressure trough gets stronger and deepens gradually southward off the British Columbia and Pacific Northwest coasts Tuesday into early Thursday. This won't have much direct effect on the Northern California area until Friday, where it will possibly send a moist frontal band into the northwest corner of California. However, it will turn to a low-level onshore flow by Tuesday or Wednesday, which will initiate small to locally moderate cooling trends. Look for some increase in minimum daytime relative humidity, along with a trend totaling 15-35% improvement in overnight relative humidity recovery by Wednesday or Thursday nights. There will be an increase in trough-related southwest gradient wind aloft starting midweek, affecting mostly eastern areas.

SOUTHERN CALIFORNIA

Strong high pressure over California will cause temperatures over most of the region to warm around 5 degrees today, with 80s to low 90s across the mountains and mid 90s to 105 in the valleys. Minimum relative humidity will remain mainly between 8% and 15% from Los Angeles County northward, but will increase to 15% to 30% to the south and east. It now looks as though most of the moisture moving northward around the low pressure area off the Northern Baja Coast will stay to the south and east of the region. However, showers and thunderstorms will still occur from Los Angeles County south and east Monday morning through Tuesday afternoon. Between a half inch and 2 inches of rain is expected to the south and east of Los Angeles County, with up to a half inch of rainfall over Los Angeles County. Little or no rainfall is expected across Central California and across areas of Southern California north of Los Angeles County with this low pressure area. The heaviest and most steady rain looks to occur Monday night into Tuesday morning. Temperatures will cool significantly across Southern California Monday and across Central California Tuesday. Humidity will remain very low across Central California Monday and then increase substantially Tuesday. High pressure over Mexico will shift northward and become centered over the Desert Southwest bringing a slow warming and drying trend to the region Wednesday through the end of this week. General winds will continue to be light through the end of this week.

Threat to Waterways, Water Sources, Natural Habitat/Species, State Parks and Historical or Tribal Lands/Assets

- State Parks- Indian Grinding Rock and Calaveras Big Trees parks have been evacuated.

Butte, Vegetation Fire, Amador and Calaveras County**Threat to Waterways, Water Sources, Natural Habitat/Species, State Parks and Historical or Tribal Lands/Assets**

- Jackson Rancheria- Red Cross Shelter placement, BIA is reaching out to them to ensure they are tracking costs
- Lone Band of Miwok Indians- No new information reported
- Buena Vista Band- No new information reported
- California Valley Band of Miwok (Sheep Ranch Rancheria) - Less than an acre of land, possibly affected 100 people.

Infrastructure

- Per CUEA 09/20/15: Fire is interrupting utilities for 950 customers in Calaveras and Amador counties.
- PG&E crews are in the area assessing the damage of facilities to determine how best to prioritize repairs with safety as the top priority. Due to the extreme nature of the fire, PG&E has been able to safely assess only 73 percent of the suspected damage zone.
- 09/17/15, 1120 hours, Calaveras County Water District is in the process of issuing a Boil Water Notice (BWN) for their Sheep Ranch Water System. Sheep Ranch water system serves about 100 people through 50 service connections. BWN is being issued as a precautionary measure because the water system lost pressure due to the water being used for firefighting in the area. There is NO damage to the water system infrastructure. They are currently running the treatment plant to fill the storage tank, but they are not releasing any water to the distribution system at this time. They will start delivering water to the distribution system at about 1700-1800 hours 09/17/15.

Resource/Support Requests

- California Department of Education (CDE) has released information indicating how districts can claim attendance funding for days that schools are forced to close or days when schools are open but attendance is reduced. Information is also available to all statewide participants in the Child Nutrition Program (CNP) in which they may be entitled to apply for disaster relief for their meal programs. CDE will send out information explaining the process for mitigating the loss of funding from decreased attendance in the California State Preschool Program.

Valley, Vegetation Fire, Lake and Napa and Sonoma Counties**Resource/Support Requests****In-Kind Donations** (Updated 09/19/15)

- Lake County EOC Donations Management Unit (DMU) is developing a donations management plan. This consists of identifying three (3) major donations hubs that will sort and distribute the in-kind goods. There are 15 smaller feeder hubs that can send their excess donations to the major hubs if needed for sorting and distribution. Hub sites are yet to be determined.
- United Parcel Service (UPS) has offered to serve as a potential donations hub. They can also transport donations from hub to hub based on directions received from the EOC DMU. The DMU will be checking in with feeder and donations hubs regarding status, needs, etc.
- For a list of donation sites, go to the website at: www.lakecountylac.com.
- The Adventist Church has secured 8000 sq. ft. of space at a Sears building. They have offered that space to the EOC for donations.
- The DMU is arranging to pick up all donations from the Calistoga shelter site with a soft deadline of next Wednesday. The donations will be sent to a major hub, yet to be determined, for sorting and redistribution.
- PG&E offered to donate cold storage bins to the three major hubs to store food. They are also donating duffel bags, first aid kits, reading glasses, and gift cards. In addition, they will provide free power to the ACS donations site at the Sears building.
- A phone number has been established for the Lake County Farm Bureau to administer donations of food and supplies for large animals. The number is 707-263-8512 ext. 46112.

Monetary Donations (Updated 09/19/15)

- Go to the CaliforniaVolunteers website at www.californiavolunteers.org for a list of vetted organizations accepting donations for the survivors of the Valley Fire.

Volunteers

- North Coast Opportunities has registered more than 300 volunteers on their website at www.ncoinc.com. Approximately 100 volunteers have been assigned to volunteer opportunities. Volunteers are cooking meals, providing housekeeping and janitorial service, entertaining children, serving meals at shelters, and sorting and distributing goods at distribution centers. Approximately six organizations are volunteering as teams and are planning to volunteer over the weekend.

Staffing

- An Adventist Community Services representative has been working at the DMU since 9/14/15 to provide donations management technical expertise and assist in developing and executing the Donations Plan.
- The San Francisco Fire Dept. deployed 5 Disaster Corps volunteers to assist in the EOC.
- The Lake Co Office of Education AmeriCorps program has deployed 10 members to re-entry pods to distribute particle masks, water, and safety supplies to those re-entering.
- One (1) CaliforniaVolunteers staff will report to the EOC DMU on 9/20/15.

Resource/Support Requests

Donations Management:

- On 09/19/15, the official Lake County donation drop-off site will be at Calistoga Beverage Company. Donations will be accepted from 0900-1600 hours.
- Lake County has established a Volunteer and Donations Unit in the EOC. The County is asking the public not to donate in-kind items and to donate cash instead to the accounts set up at the Mendo-Lake Credit Union or Redwood Credit Union: <http://www.lakecountylac.com/donate-now.html>. In addition, the California Volunteers website (www.californiavolunteers.org) lists those vetted organizations accepting cash donations to assist those impacted by the Valley Fire.
- The volunteer and donations unit is contacting several non-county donations sites to assess their situation and support needs. The Adventist Church has secured an old Sears building to expand their donations storage capability. This location may be designated as a county donations location. California Volunteers staff will be visiting this site on Wednesday or Thursday to assess.
- The County has approved using North Coast Opportunities (NCO) to manage volunteers. NCO has set up a pre-registration page on their website (www.ncoinc.org) for this event to capture volunteer information. NCO can also set up a volunteer reception center if needed. As of 9/15/15 at 1400 hrs. there were more than 50 volunteers registered. Four donations sites have asked for volunteer support. This request has been sent to NCO who will also cover the volunteers under their liability coverage.
- A mission request has been issued for a representative from Adventist Community Services to staff the EOC and assist with developing a donations management plan. A similar mission request for a Salvation Army representative is pending.
- The Redwood Empire Remodeler Association has asked for information on needs the county may have.
- The Farm Bureau of Lake County is interested in donating large farm equipment and assisting with repairing fences, erosion control, irrigation, etc.

Additional Resources:

- On 09/19/15, DGS reported that 13 showers were delivered to the Lakeport Armory Base Camp.
- On 09/14/15, FEMA delivered water to support 5,000 individuals for one day and 5,000 cots (500 are ADA compliant). The supplies will be positioned at Cal Trans Yard, 3161 Jefferson Street, Napa, CA 94558, and accessed when needed.

Valley, Vegetation Fire, Lake and Napa and Sonoma Counties**Recovery Activities:**

- An IA joint Preliminary Disaster Assessment (PDA) is continuing in Lake County to assess damages to homes, businesses, and nonprofit organizations. (09/18/15). The IA PDA team will include representatives from Cal OES IA, FEMA, U.S. Small Business Administration, Housing and Community Development, and Red Cross.
- American Red Cross (ARC) is opening a Client Assistance Center at the Middletown Community Methodist Church, 15833 Armstrong Street, Middletown. It will open 09/20/15 times to be determined.
- The Local Assistance Center (LAC) will continue to be operational at the Middletown Senior Center, 21256 Washington Street, Middletown, CA 95461.
 - The LAC will operate from 0700-1900 daily until further notice.
 - Local government and nonprofit partners are also providing services, as well as public and private partners reaching out to serve their clients and provide information.
 - [Two Points of Distribution \(PODs\) were established at the Calpine Visitor Center and South Lake Fire Station 60 \(both in Middletown\) and will distribute PPE, water and safety notices to returning residents. The unisex gloves and N-95 disposable breathing masks will be available at these PODs as well.\(Updated 09/20/15\)](#)
- A designated Cal OES donations hotline has been established at the State Operations Center. Please refer to all internal donations to (916) 636-3740.
- [A Joint Housing Task Force has been formed that includes local, state, federal and NGO partners. \(Updated 09/20/15\)](#)
- Voluntary Agency Liaison is working with the Northern CA Voluntary Organizations Active in Disasters (VOAD) regarding response activities by nonprofit agencies and faith groups seeking to assist with response and recovery efforts. Organizations are being asked to not self-deploy
- The Department of Resources Recycling and Recovery (CalRecycle), in coordination with Cal OES have been tasked with supporting Lake County in the management of debris removal operations.
 - CalRecycle will meet with US EPA on 09/21/15 to conduct an assessment. Operations to commence on 09/23/15.
 - US EPA began coordinating with the Department of Toxic Substances Control (DTSC) on supporting the operations for both the Calaveras and Lake County debris removal operations. (09/17/15 1800)
 - DTSC will deploy to Lake County on 09/21/15 to assist with hazardous materials. (09/19/15 per CalEPA)
 - Per Cal EOC EF-10 (09/14/15), DTSC is coordinating with US EPA Region IX Emergency Response regarding support for hazardous waste activities following post-fire activities in impacted counties.
